General Instructions for Hospital Appointments

Coordinate in advance with your doctor whether or not you have to attend or reschedule your appointment or activate the virtual clinic.

Prepare a list of your medication and other requirements, and know how to receive them.

Do not bring children or elderly people.

Wear a fabric face mask, if you develop respiratory symptoms wear a medical mask (Surgical). Do not touch the mask after wearing it.

If you need to touch the face mask for clinical examination, sanitize your hands before and after.

Wash / sanitize hands before touching the face & after touching surfaces (door knobs / elevator buttons)

Maintain social distancing.

Adhere to the etiquette of coughing and sneezing.

Avoid visiting admitted patients.

Adhere to the medical team instructions.

Use electronic payments instead of cash.

Wash hands thoroughly after going back home.
