

Advices to Prevent Getting Infected With “COVID-19” Virus While Performing Hajj (Pilgrimage)

Immediately report when showing any disease symptoms

Avoid hand shaking, hugging & kissing

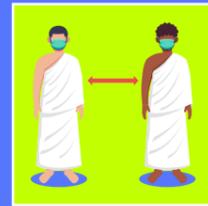

Have pre-cooked & wrapped meals served to each pilgrim

If possible use electronic payment instead of cash

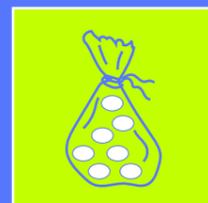

Adhere to wearing cloth or medical face mask while performing the Hajj rituals

Follow sneezing & coughing etiquette, apply rules of social distancing & avoid crowds

Do not share personal belongings with others (shaving kit, towels, etc.)

While throwing pebbles (Jamarat) use the sanitized & packed ones provided by organizers

Properly wash/sanitize hands after touching surfaces & before touching eyes/nose/mouth

Adhere to the organizers' instructions & avoid leaving the announced routes

Bring personal Qur'an & prayer matt

After completing Hajj adhere to home quarantine for 14 days & immediately report any disease symptoms
