

Tips to Prevent Getting Infected With “COVID-19” Virus While Being in Restaurants and Coffee Shops

Do not go when showing any disease symptoms

Go to restaurants and coffee shops that adhere to precautionary measures

Adhere to wearing cloth or medical face mask except while eating or drinking

If the table is not ready wait in the car

Pre-book an appointment and adhere to it

Avoid shaking hands or hugging or kissing

Follow sneezing and coughing etiquette and social distancing rules

Avoid sitting with more than four non familial people on the same table

Properly wash or sanitize hands after touching surfaces and before touching eyes, nose and mouth

Bring a personal prayer matt to use when needed

Use electronic payment instead of cash

Leave immediately after finishing to avoid gatherings and direct contact

When asking for takeaway immediately discard bags and food wrapping once arriving home and wash hands properly before touching eyes, nose and mouth
